

The logo consists of the letters 'DBX' in a bold, sans-serif font, followed by a stylized 'X' symbol. The 'X' is formed by two overlapping, curved shapes that resemble a double-headed arrow or a pair of wings. The entire logo is rendered in a metallic gold or bronze color with a slight gradient and shadow effect, giving it a three-dimensional appearance. The background is a solid, muted grey color, and the logo is centered horizontally and vertically.

#### AN ALL NEW ASTON MARTIN ADVENTURE

DBX is a new kind of Aston Martin, one founded on the same principles of beauty, luxury and driving dynamics, yet redefined, ready for anything, powered by the spirit of adventure.

Built on brand new, all-Aston Martin architecture, DBX is designed to carry occupants in true Aston Martin style, with the ability to go where no Aston Martin has gone before. Brimming with the latest technology to keep you safe, DBX is comfortable and delivers an engaging driving experience. Our SUV's capabilities deliver confidence to the driver across all terrains, while remaining a true Aston Martin to its core.

DBX is beautiful, sumptuously luxurious and able to thrill from the moment you sit behind the wheel and fire up the twin-turbo V8 engine. Our new SUV maintains a proud heritage as an Aston Martin DB. The initials belong to David Brown, the man who defined what an Aston Martin should be and whose vision continues throughout the company to this day.

It was David Brown himself who had the idea for a luxury SUV in the 1950s. He even built a prototype years before anyone else; DBX remains true both to his name and vision of creating an Aston Martin for multiple terrains.

It is an ambition brought to life in a brand new home for a brand new kind of Aston Martin. Our new factory at St Athan in Wales' Vale of Glamorgan is a state-of-the-art facility, designed from the outset to build DBX.

05

07

#### AN ASTON MARTIN IN SUV FORM

DBX is a relentless adventurer, with the space and ability to take you wherever you choose to go. It is an SUV imbued with the spirit of an Aston Martin sports car. It is intrepid, ambitious and restless; the status quo is never enough, not when there are new places to go, new experiences to enjoy.

Active all-wheel drive with variable torque distribution and height-adjustable air suspension all provide DBX with the confidence and versatility you need for life's great adventures. It will never compromise how it gets you there. DBX provides the beauty, comfort and indulgence of an Aston Martin while allowing you to imprint your own identity on an already exquisite interior.

DBX is great to drive, not just by SUV standards, but by any Aston Martin standard. Thanks to lightweight aluminum construction, its world-leading Aston Martin powertrain and suspension developed by the finest engineers of their kind, DBX drives like no other SUV out there. It drives like a sports car.

## ALL ASTON MARTIN

DBX celebrates the Aston Martin design language in a new form. As we created a unique body architecture just for DBX, the design and proportions reflect the Aston Martin signature style. That's why DBX is so sculptural, has such presence and why it appears so compact on the outside yet impressively spacious within.

The design language is so instantly recognizable that even with the iconic wings badges removed, you would know at once and without a doubt that this is an Aston Martin.

## SHAPED FOR ADVENTURE

The inimitable Aston Martin grille was first seen on a DB2 prototype in 1949 and today provides as distinctive and evocative a face for DBX a lifetime later. It is integral to its design, dictating the muscular curvature of the hood and the way it clothes the mighty powertrain.

Below the grille, the daytime running lights have been separated from the main headlights, adding to the car's commanding presence. These dress two air inlets that help control the flow of air along the side of the car, maintaining aerodynamic balance and providing cooling to the massive, ultra-high performance braking system.

The dramatic shape of the doors provides DBX with an astonishing profile, emphasizing the unique sculpture of all modern Aston Martins. At the back, the distinctive tail flip with its sleek, signature LED light blade recalls instantly the styling of Vantage, our archetypal hunter.

The beautiful forms of DBX have been tailored to enhance its function. Control of the airflow over the car is crucial; the shape of DBX ensures it is always carefully guided, keeping it aerodynamically stable, quiet and cool. The side vents remove air from the front wheel arch to reduce drag, while the rear roof wing splits the airflow, providing aerodynamic downforce and driving air through the wing and onto the rear screen to maintain a clear rear window.

THE TECHNOLOGY TO TAKE  
YOU ANYWHERE

DBX sits on an all-new platform designed by us exclusively for our SUV. Like all core Aston Martin models, DBX is crafted from aluminum that's bonded not just for immense strength and stiffness but ultra-lightweight too. The result is that despite lavish levels of equipment, it is one of the lightest full-sized SUVs on the market today.

We never compromise on the engineering principles that govern the way all our cars ride and handle, and DBX is no exception. Like all of our production sports and GT cars, DBX has a double wishbone front suspension combined with a multi-link rear axle, as well as electronic adaptive damping for every wheel.

The first Aston Martin to use all-round triple chamber air suspension, DBX delivers both outstanding ride comfort and dynamic control. The system also allows the ride height to change by up to 3.74" from lowest to highest setting, allowing it to be raised to negotiate difficult terrain or lowered to provide easy access and loading.

DBX is equipped with active anti-roll control, a powerful 48-volt system used to control body roll in corners. The system is so flexible it can uncouple the anti-roll bars, allowing maximum axle articulation and wheel travel to keep all wheels firmly on the ground. Whether in challenging on or off-road conditions, this allows DBX to corner with almost no roll at all.

## A NEW POWERTRAIN FOR A NEW ASTON MARTIN

The all new powertrain for DBX has been precisely and specifically tuned to its unique role within the Aston Martin family. The 4-liter, twin-turbo V8 engine is built entirely by hand. The base unit is provided by technical supplier Mercedes-AMG, and Aston Martin powertrain engineers have created customized power and torque characteristics suited to the unique requirements of an SUV.

DBX offers an exhilarating 550 PS power output, backed by 700 NM of torque. That power is delivered over the widest possible range, focusing in particular on providing instant response at engine speeds. Our engineers have worked to ensure that DBX carries the inimitable exhaust note of an Aston Martin.

## COVERING NEW GROUND

DBX is exceptionally versatile, with five preset chassis and powertrain modes. These range from a balanced GT setting to a thrilling Sport+ mode. For multi-terrain driving, two Terrain modes adjust the suspension and all-wheel drive systems to suit whichever surface you are on. In all cases, power is intelligently directed through our customized all-wheel drive system. It is capable of directing the engine's power almost exclusively to the rear wheels for maximum driving dynamics, or up to 47 percent to the front wheels when the driving environment calls for maximum possible traction. The system incorporates an active center transfer case and an electronic rear differential.

Whether you're towing across a muddy field, driving in mixed terrains or even wading through up to 19.7" of water, you can be confident DBX is up to the challenge. With the ability to instantly vary the programming of its engine, gearbox, suspension and steering, DBX adapts itself not just to take you where you want to go, but to get you there with ultimate ease and comfort.

## ASTON MARTIN INDULGENCE

DBX provides a sumptuous experience for every occupant. It's a world of luxury, which comes with a sense of airiness and space for all. A commanding driving position is provided to instill a sense of confidence and provide a superb platform from which to view the road ahead. The cabin architecture has been designed to wrap around you, making you part of the machine, like a true Aston Martin.

Every interior can be curated with a range of optional materials, equipment and accessories precisely tailored to your needs.

DBX has been designed to ensure all occupants enjoy the full Aston Martin experience. Wherever you sit, we have not compromised your indulgence and comfort in our first SUV.

DBX may sit appropriately low relative to some full-sized SUVs; however, the space efficiency of its unique bonded aluminum structure means there is no corresponding reduction in headroom, in either the front or rear. We have optimized the location of the powertrain, freeing up legroom in both cabins. As a result, rear-seat passengers will find they enjoy as much head and legroom as those in the front.

24

### THE DETAIL IN THE DESIGN

The interior has been built to be beautiful, luxurious and outstandingly durable.

Three different grades of leather are available, as well as the first-ever use of woven wool felt in a production road car. It combines 80 percent New Zealand wool with 20 percent polymer for an unrivaled combination of feel and resilience. This upholstery can be further combined with a choice of seven different dashboard veneers, from contemporary wood to a carbon fiber and natural flax composite.

Two large TFT (Thin Film Transistor) screens offer fully digital graphics for all infotainment functions. In front of the driver, the 12.3-in screen provides beautifully

rendered instruments that vary their appearance depending on the drive mode selected, while the 10.25-in central display is controlled by a rotary controller to keep the screen fingerprint free. DBX is fully configured for mobile device connectivity and a choice of sound systems, offering up to 800W through 14 speakers.

The technology you cannot see is just as important, helping keep you and your companions safe in all conditions. Amongst these are: adaptive cruise control, forward collision warning, autonomous emergency braking, lane keep assist, lane departure warning, blind spot warning, lane change warning, rear cross traffic alert, and traffic sign recognition.

## DESIGNER SPECIFICATIONS

### ASPEN ESCAPE

Sport is not only about performance, it's a choice and a lifestyle. The warmth of wool felt and open-pore Olive Ash evokes an active reconnection with nature. This is a soft and warm combination for a stylish and confident you.

#### EXTERIOR

- Xenon Grey paint
- Gloss Black hood blades
- Gloss Black side window surround, roof rails, grille and side strakes
- Gloss Black mirror caps
- Gloss Black front splitter, side sills, rear diffuser and rear bumper infill
- 22" Gloss Black diamond turned wheels
- Yellow painted brake calipers
- Smoked rear lights
- Ceramic Black exhaust tailpipe finisher

#### INTERIOR

- Wolf Grey Leather and Wool felt
- Sports Wolf Grey heated steering wheel
- Technical seat quilting and perforation
- Q Seat Stitching in Yellow
- Embroidered DBX logo
- Olive Ash veneers
- Satin Chrome interior jewelry pack
- Ivory leather headlining
- Contemporary Black carpets with leather-bound carpet mats

### BOHEMIAN ESCAPE

Polite and cultured, but with a sting in its tail. With quintessential familiarity and influenced by the colors and textures of the British countryside, the interior is defined by modern dark wood contrasted with Obsidian Black and Ivory. Classic with a twist, a color accent brings the perfect hint of eccentricity to highlight an idiosyncratic culmination of modernity and tradition.

#### EXTERIOR

- Minotaur Green paint
- Satin Chrome hood blades
- Satin Anodized side window surround, roof rails, grille and side strakes
- Body Color mirror caps
- Gloss Black front splitter, side sills, rear diffuser and rear bumper infill
- 22" Ribbon Satin Black and Bronze diamond turned wheels
- Dark anodized brake calipers
- Smoked rear lights
- Polished Chrome exhaust tailpipe finisher

#### INTERIOR

- Mid Two-tone Obsidian Black and Ivory
- Comfort Two-tone Obsidian Black and Ivory heated steering wheel
- Elegant seat quilting and perforation
- Q Seat Stitching in Ivory
- Embroidered Aston Martin Wings logo
- Ziricote Wood veneers
- Satin Chrome interior jewelry pack
- Obsidian Black leather headlining
- Contemporary Obsidian Black carpets with leather-bound carpet mats

## MALIBU OPERA

Invite a modern but timeless elegance. When a night at the opera closes a day of adventure on a café racer.

Gold accents a monolithic and sophisticated black, expressing a determined and self-confident character.

Break the rules. Accept your ambivalent nature.

Go for a rebellious sophistication.

### EXTERIOR

- Onyx Black paint
- Gloss Black hood blades
- Gloss Black side window surround, roof rails, grille and side strakes
- Gloss Black mirror caps
- Gloss Black front splitter, side sills, rear diffuser and rear bumper infill
- 22" Ribbon Satin Black diamond turned wheels
- Black painted brake calipers
- Smoked rear lights
- Ceramic Black exhaust tailpipe finisher

### INTERIOR

- Monotone Obsidian Black
- Comfort Two-tone Obsidian Black heated steering wheel
- Elegant seat quilting and perforation
- Q Seat Stitching in Obsidian Black
- Embroidered Aston Martin Wings logo
- High Gloss Piano Black veneers
- Satin Chrome interior jewelry pack
- Obsidian Black leather headlining
- Contemporary Obsidian Black carpets with leather-bound carpet mats

## METROPOLITAN SPRITZ

Inject some bubbles into your extravagant life.

A trend-led satin exterior, reminiscent of anodized copper underpinned by subtle violet shadowing.

Yellow pops as an accent and enhances the contrast between light coral and Indigo leather.

In a fast-paced city life, the vibrant metropolis opens its doors to reveal cosmetic and pop energy.

This is young, daring, fresh and beyond fashion

### EXTERIOR

- Q Satin Solar Bronze paint
- Satin Chrome hood blades
- Satin Anodized side window surround, roof rails, grille and side strakes
- Body Color mirror caps
- Body Color front splitter, side sills and rear diffuser
- Gloss Black bumper infill
- 22" Ribbon Gloss Graphite diamond turned wheels
- Yellow painted brake calipers
- Smoked rear lights
- Polished Chrome exhaust tailpipe finisher

### INTERIOR

- Mid Two-tone Indigo Blue and Coral Sand
- Sports Indigo Blue heated steering wheel
- Elegant seat quilting and perforation
- Q Seat Stitching in Coral Sand
- Embroidered Aston Martin Wings logo
- Bronze Mesh veneers
- Satin Chrome interior jewelry pack
- Coral Sand leather headlining
- Contemporary Dark Knight carpets with leather-bound carpet mats

## CAPRI MACHINE

A tribute to the Dolce Vita: heritage, elegance and power. Greeted with a timeless blend of shimmering white and comforted in luxurious Lords Red leather and Alcantara®. Appreciate the opulence of sculpted solid walnut, connecting your senses to the Bella Machina. It generates an unforgettable dose of wild excitement.

### EXTERIOR

- Morning Frost White paint
- Q Carbon Fiber side strakes
- Q Carbon Fiber hood blades
- Gloss Black side window surround, roof rails and grille
- Q Carbon Fiber front splitter, side sills, rear diffuser and rear bumper infill
- Q Carbon Fiber mirror caps
- 22" Ribbon Satin Black diamond turned wheels
- Red painted brake calipers
- Red rear lights
- Ceramic Black exhaust tailpipe finisher

### INTERIOR

- Monotone Lords Red
- Comfort Two-tone Obsidian Black and Lords Red heated steering wheel
- Elegant seat quilting and perforation
- Q Seat Stitching in Chancellor Red
- Embroidered Aston Martin Wings logo
- Q Solid Wood Crown Cut Walnut veneers
- Dark Satin Chrome interior jewelry pack
- Chancellor Red Alcantara® headlining
- Contemporary Dark Red carpets with leather-bound carpet mats

## MOJAVE MINIMALIST

An unexpected immersion into a refined and crafted atmosphere. Mixing subtly detailed tan leather with tonal Alcantara® hints at the equestrian world and fine saddlery. Warm flax finishes, innovative and sustainable, fulfil your appetite for cutting-edge technology and contemporary aesthetics. Hyper Red, with its extreme liquid appearance, resonates with your inner sense of confidence. Crafted, elegant and just a little bit wild.

### EXTERIOR

- Hyper Red paint
- Satin Chrome hood blades
- Satin Anodized side window surround, roof rails, grille and side strakes
- Gloss Black front splitter, side sills, rear diffuser and rear bumper infill
- Body Color mirror caps
- 22" Sports Gloss Black diamond turned wheels
- Dark Anodized brake calipers
- Red rear lights
- Polished Chrome exhaust tailpipe finisher

### INTERIOR

- Monotone Oxford Tan
- Comfort Two-tone Obsidian Black and Oxford Tan heated steering wheel
- Technical seat quilting and perforation
- Q Seat Stitching in Chancellor Red
- Embossed DBX logo
- Flax Composite veneers
- Satin Chrome interior jewelry pack
- Oxford Tan Alcantara® headlining
- Contemporary Oxford Tan carpets with leather-bound carpet mats

**REGATTA**

Sport and refinement run deeply in Aston Martin's veins. For understated performance and a competitive edge, it effortlessly combines lightweight carbon fiber with a technical blue and red accent that any sporting yacht owner would take instantly to heart.

**EXTERIOR**

- Concours Blue paint
- Gloss Black hood blades
- Gloss Black side window surround, roof rails, grille and side strakes
- Q Carbon Fiber front splitter, side sill, rear diffuser and rear bumper infill
- Gloss Black mirror caps
- 22" Sports Satin Black wheels
- Red painted brake calipers
- Smoked rear lights
- Ceramic Black exhaust tailpipe finisher

**INTERIOR**

- Monotone Blue Haze Metallic
- Sports Blue Haze heated steering wheel
- Technical seat quilting and perforation
- Embossed Aston Martin Wings logo
- Q Gloss Carbon Fiber veneers
- Dark Satin Chrome interior jewelry pack
- Blue Haze Alcantara® headlining
- Contemporary Blue Haze carpets with leather-bound carpet mats

**URBAN FIGHTER**

A bold and assertive take on Sport. A daring contrast of highly liquid, reflective Golden Saffron with the ambient depth of Dark Knight leather. Evocative of a late-night ride through a sleepless city scene. Bravely embrace individuality.

**EXTERIOR**

- Golden Saffron paint
- Q Carbon Fiber side strakes
- Q Carbon Fiber hood blades
- Gloss Black side window surround, roof rails and grille
- Q Carbon Fiber front splitter, side sills, rear diffuser and rear bumper infill
- Q Carbon Fiber Gloss mirror caps
- 22" Ribbon Satin Black diamond turned wheels
- Q Madagascar Orange brake calipers
- Red rear lights
- Ceramic Black exhaust tailpipe finisher

**INTERIOR**

- Monotone Dark Knight
- Sports Dark Knight heated steering wheel
- Technical seat quilting and perforation
- Embossed Aston Martin Wings logo
- Q Gloss Carbon Fiber veneers
- Q Carbon Fiber interior pack with Dark Satin Chrome
- Dark Knight Alcantara® headlining
- Contemporary Dark Knight carpets with leather-bound carpet mats

38

## THE ASTON MARTIN ACCESSORIES COLLECTION

Over and above the extensive range of options available for DBX, Aston Martin has curated a collection of accessories to help you tailor your DBX even more precisely to your requirements, no matter where your next adventure should take you.

39

## EVENT PACK

The pack that recognizes DBX can enhance your life, long after it has delivered you to your desired destination, by providing you with the perfect vantage point from which to watch great sporting events, or simply enjoy the world pass by.

The Event Pack includes Event Seating, comprising two deployable rear-facing seats, trimmed in color-matched leather, complete with a hamper, a picnic blanket rolled within an Aston Martin leather holder and even an umbrella holder too.

## ADVENTURE PACK

The pack to cover every eventuality, no matter how far and wide you roam in your DBX. The pack includes roof bars, mud flaps, heavy-duty tread plates and an Aston Martin wet storage bag.

Those wishing to personalize the Adventure Pack further can add the Bike Pack, which provides not only a roof-mounted bike rack but also a portable washer that can run off either its own power supply or be plugged straight into DBX.

Alternatively, winter sports fans can specify the Snow Pack, which comes with additional snow chains for tires, a roof rack designed to carry six sets of skis, a ski bag and ski boot warmer bag.

40

#### PET PACK

Pets are part of the family too, and now with the Pet Pack you need not worry about the impact they might have on your DBX. The Pet Pack offers all you need to keep your pet safe and happy while traveling and your DBX safely protected from the elements and those muddy paws.

The pack includes a dog guard, portable washer, fold-down protection for the rear bumper and even somewhere to store your dog leash and water bowls.

#### FIELD SPORT PACK

The Field Sport Pack provides the ultimate collection of accessories for those interested in traditional field sports or countryside adventures.

Included within the pack is a cabinet to safely store your field sports equipment, a hamper with a built-in cooling area and a shooting stick providing a place to sit wherever you go.

#### TOURING PACK

The ultimate way to travel and the finest way to arrive. The Touring Pack comprises practical but beautiful ways to make every trip into an occasion.

The pack includes a beautifully hand-crafted leather four-piece luggage set comprising a pair of duffel bags and two cases, an in-car leather saddlebag for storing items you want to keep with you, a lockable storage compartment under the front seat and an Aston Martin Emergency Pack.

#### EXPRESSION PACK

The Expression Pack is designed to add another level of indulgence both inside and out, complementing the distinctive DBX with subtle but effective final touches.

The pack includes key pouch in finest leather, comfort headrests with additional padding, illuminated 'DBX' tread plates, a stunning carbon fiber finish to the tailpipes, and even valve caps carrying the Aston Martin wings for the ultimate attention to detail.

## SANCTUARY PACK

The Sanctuary Pack ensures you look after your DBX just as well as it looks after you, with a selection of protective accessories for both the interior cabin and exterior.

The pack includes a full kit for cleaning and caring for your DBX, an indoor car cover for when your DBX is in the garage, and a battery conditioner to make sure it's primed and ready to go on its next adventure.

## INTERIOR PROTECTION PACK

The Interior Protection Pack is designed to keep your interior cabin protected from the elements when needed. As additional features, each item can also be swiftly and easily removed when not required.

The pack includes all weather mats, not just for the cabin but for the load space too. It comes with a rear bumper protector and even a waterproof cover for the rear seats.

## ESSENTIALS PACK

For everyday life on the road, a pack that thinks of things small in stature, but which can enhance everything from the shortest journey to the grandest tour.

The Essentials Pack includes a center console organizer, a heated travel cup and an additional carpet mat for the load area.

## Q BY ASTON MARTIN

Where the conventional selection of options and accessories for DBX stops is where Q by Aston Martin starts. A personal commissioning service like no other, it allows you to take over the design studio and, working on a one-to-one basis with Aston Martin's stylists, designers and engineers, give full rein to your imagination. At Q by Aston Martin, we're delighted to take inspiration from our customers and, within the bounds of practical possibility, work with you until we can turn inspiration into a reality. Together we can create a DBX unlike any other in the world, designed and built to your precise specification.

Your Q by Aston Martin journey will usually start with a visit to the home of Aston Martin in Gaydon in the British Midlands, though those who live overseas or who would prefer not to travel can meet us via video link. There you'll meet specialists from the Q team, as well as members from our design team and the engineers who will determine if further testing is advisable or required.

Once a full digital rendering has been provided and approved by you, your DBX can begin its journey and be committed for production. While being built, we'd be delighted to invite you to come and see your car created at our headquarters in Gaydon.

46

For DBX, Q by Aston Martin has created a number of unique commission options, each designed specifically with our customers in mind and engineered to standards you'd expect of an Aston Martin.

#### CUSTOMIZED WHEEL REFINISHING

DBX already offers six wheel finishes across the range of wheels available for the car. But if you want your wheels enhanced even further, Q by Aston Martin is here to help. Our customized wheel finishing service allows customers to personalize their wheels in a range of ways, including full color finishes in the same shade as the car's bodywork (or any other color), tinted lacquer, hyper-liquid metal and two-tone finishes.

47

#### VENEER-TRIMMED LOAD SPACE

Who says the load area cannot look as beautiful and glamorous as the rest of the car's interior? Q by Aston Martin can replace the standard carpeting of the load area with a veneer to precisely match the inlays found in the rest of the car, be they Gloss Black, Olive Ash, Zircote or Carbon Fiber. Metal runners along the length of the load space mean your chosen veneer can remain in pristine condition for the life of the car.

#### BILLET-MACHINED ALUMINUM JEWELRY

The ultimate finishing touch to a DBX interior. Instead of the metal used for the center console surround, door handles and shift paddles, Q by Aston Martin offers these items with a three-dimensional pattern. These are not just stamped components, but parts machined from a solid billet of aluminum to microscopic tolerance levels to ensure they feel every bit as good as they look. Available in aluminum, anodized color or two-tone color finishes.

## SPECIFICATIONS - TECHNICAL

### ENGINE AND TRANSMISSION

Engine	4.0-liter V8 twin-turbo
Capacity	3,982 cm³ / 243 in³
Bore x Stroke	83 mm x 92 mm / 3.27" x 3.62"
Compression Ratio	8.6:1
Power	550 PS / 542 bhp / 405 kW @ 6500 rpm
Torque	700 Nm / 516 lb.-ft @ 2200 - 5000 rpm
Induction	Twin-turbo, V-mounted
Fuel	Gasoline direct injection
Valve gear	Quad overhead camshafts, Variable timing, 32v
Drivetrain	<ul style="list-style-type: none"><li>9-speed automatic gearbox</li> <li>All-wheel drive</li> <li>Electronic active center transfer case</li> <li>Electronic rear limited-slip differential</li></ul>
Drive modes	GT / Sport / Sport+ / Terrain / Terrain+ / Individual

### BODY, SUSPENSION, WHEELS & BRAKES

Body	<ul style="list-style-type: none"><li>Aluminum bonded monocoque bodyshell</li> <li>Aluminum &amp; composite body panels</li> <li>Panoramic glass sunroof</li></ul>
Front suspension	Front double wishbone split link
Rear suspension	Rear multi-link, cast alloy subframe
Springs	<ul style="list-style-type: none"><li>Adaptive triple volume air suspension</li> <li>Variable ride height (+45 mm / -50 mm)</li> <li>Variable spring rate</li></ul>
Dampers	Electronic adaptive dampers
Roll bars	Electric active anti-roll control (48v)
Steering	Electric speed proportional (EPAS), 14.3:1 ratio
Wheels	22"x10J – 22"x 11.5 J (2 wheel designs, 6 finishes)
Tires	<ul style="list-style-type: none"><li>Pirelli P-Zero [Pirelli All Season &amp; Winter tires also available]</li> <li>Front: 285/40 YR22</li> <li>Rear: 325/35 YR22</li></ul>

Front brakes	<ul style="list-style-type: none"><li>410 mm x 38 mm vented &amp; grooved steel discs</li> <li>6-piston aluminum calipers</li></ul>
Back brakes	<ul style="list-style-type: none"><li>390 mm x 32 mm vented &amp; grooved steel discs</li> <li>Sliding piston aluminum calipers</li></ul>

### EXTERIOR DIMENSIONS

Length:	5039 mm / 198.4"
Width:	1998 mm / 78.7" (Body) <p>2050 mm / 80.7" (Mirrors folded) <p>2220 mm / 87.4" (Mirrors out)</p></p>
Height:	1680 mm / 66.1"
Wheelbase:	3060 mm / 120.5"

Track:	1698 mm / 66.9" (Front) <p>1664 mm / 65.5" (Rear)</p>
Turning circle:	12.4 m / 40.7'
Approach angle:	22.2° [25.7°] (Max. off-road)
Breakover angle:	15.1° [18.8°] (Max. off-road)
Departure angle:	24.3° [27.1°] (Max. off-road)
Ground clearance:	190 mm / 7.5" [max. off-road dimension] [235 mm / 9.3"]
Wading depth (max.)	500 mm / 19.7"

### INTERIOR DIMENSIONS

Legroom:	1060 mm / 41.7" (Front) <p>1040 mm / 40.9" (Rear)</p>
Headroom:	1030 mm / 40.6" (Front) <p>1016 mm / 40" (Rear)</p>
Shoulder room:	1483 mm / 58.4" (Front) <p>1384 mm / 54.5" (Rear)</p>
Load space:	<ul style="list-style-type: none"><li>Volume</li></ul> <p>638 liters / 22.5 ft³ (to roof) <p>491 liters / 17.3 ft³ (under shelf)</p></p> <ul style="list-style-type: none"><li>Length</li> <li>Width</li> <li>Height</li></ul> <p>482 – 693 mm / 19" - 27.3"</p>
Lift-in height:	810 mm / 31.9"

### INDICATIVE FUEL ECONOMY EMISSIONS<sup>12</sup>

Urban (EU):	23.1 mpg / 12.2 l / 100 km
Extra Urban (EU):	20.8 mpg / 13.5 l / 100 km
Combined (EU):	19.7 mpg / 14.3 l / 100 km
CO₂:	269 g/km
Fuel Tank:	87 liters / 23 US gallons

### PERFORMANCE & WEIGHT

0-60 mph:	4.3 secs
0-100 km/h:	4.5 secs
0-100 mph:	10 secs
50-75 mph / 80-120 km/h:	2.6 secs
Top speed:	181 mph / 291 km/h
Drag coefficient:	0.39 CD
Curb weight DIN:	2245 kg / 4940 lbs.
Gross vehicle weight:	3020 kg / 6644 lbs.
Weight distribution:	Front 54%: Rear 46%
Towing:	
(braked/unbraked)	2700 kg / 750 kg (5940 lbs. / 1650 lbs.)
Roof load:	75 kg

### SAFETY

LIGHTS:

Bi-LED headlights, Automatic headlights with Auto High Beam (AHB), LED Daytime Running Lights (DRL), LED tail lights, Active rear brake lights

### SAFETY:

Driver's & passenger's airbags, side curtain airbags, side thorax airbags, seatbelt pre-tensioners, ISOFIX (rear outer), i-SIZE.

### DRIVER ASSISTANCE:

Adaptive Cruise Control, Speed Limiter, Forward Collision Warning, Auto Emergency Braking, Blind Spot Warning, Lane Departure Warning, Lane Keep Assist, Lane Change Warning, Rear Cross Traffic Warning, Traffic Sign Recognition, Door Exit Warning.

### CHASSIS SYSTEMS:

ABS, ESC, Traction control, Emergency Brake Assist, Roll-Over Stability Control, Hill Start Assist, Hill Descent Control, steering 2.4 turns lock-to-lock

## SPECIFICATIONS - STANDARD

### EXTERIOR DESIGN & BODY

- Clamshell hood with twin vents
- Signature DB front grille – satin chrome
- Signature light air duct with daytime running lights
- Signature rear light blade
- Rear aero wing
- Frameless door windows, Flush glazing, hidden seals
- Flush fit door handles
- Aston Martin wings & script – polished chrome

### EXTERIOR FEATURES

- Panoramic glass sunroof
- Roof rails – satin chrome finish
- Satin chrome trim – window surround & side fins
- Power folding door mirrors
- Auto-dimming & heated door mirrors
- Double-glazed, sound isolating front door windows
- Electronic windows
- Rain sensing windshield wipers
- Power tailgate
- Heated rear window
- Front & rear parking sensors with visual indicator
- 360° camera system with deploying rear camera
- Exterior paint colors – choice of 5 colors (Jet Black, China Gray, Midnight Blue, Magnetic Silver, Lunar White)

### EXTERIOR LIGHTING

- Bi-LED headlights
- Automatic headlights with Auto High Beam (AHB)
- LED Daytime Running Lights (DRL)
- LED tail lights – red
- LED center high-mounted stop light
- LED rear fog lights
- Active rear brake lights
- Approach illumination

### WHEELS & TIRES

- 22" Sports alloy wheels – Silver finish
- Pirelli P-Zero tires (F: 285/40 R22 / R: 325/35 R22)
- Tire Pressure Monitoring System (TPMS)
- Tire repair kit

### POWERTRAIN

- 4.0-liter V8 550 PS/700 Nm Gasoline
- Automatic transmission (9-speed)
- All-Wheel Drive (AWD)
- Active center transfer case
- Electronic rear limited-slip differential (eDiff)
- Stop/Start system
- Sports exhaust system – twin tailpipes

### SUSPENSION & STEERING

- Adaptive triple volume air suspension
- Electronic adaptive dampers
- Electric Active Roll Control (eARC)
- Drive modes (4 on-road, 2 off-road)
- Electric speed proportional steering (EPAS)

### BRAKE SYSTEM

- 410 x 38 mm vented/grooved steel front discs
- 6-piston aluminum front brake calipers
- 390 x 32 mm vented/grooved steel rear discs
- Sliding aluminum rear brake calipers
- Brake calipers – dark gray anodized
- Intelligent wet brake control
- Brake pad wear indicator
- Anti-lock Braking System (ABS)
- Electronic Stability Control (ESC)
- Traction Control (TC)
- Torque Vectoring by Braking (TVB)
- Emergency Brake Assist (EBA)
- Electric Parking Brake (EPB)
- Roll-over Stability Control (RSC)
- Hill Start Assist (HSA)
- Hill Descent Control (HDC)

### SAFETY & SECURITY

- Airbags – driver & front passenger
- Airbags – front/rear thorax airbags
- Airbags – side curtain airbags
- Seatbelt pre-tensioners and status indicator
- ISOFIX attachments – rear outer seats
- i-SIZE certified rear seating
- Remote central locking
- Vehicle ultrasonic alarm & immobilizer

### ACTIVE SAFETY

- Adaptive Cruise Control (ACC)
- Speed limiter
- Forward Collision Warning (FCW)
- Autonomous Emergency Braking (AEB)
- Blind Spot Warning (BSW)
- Lane Departure Warning (LDW)
- Lane Keep Assist (LKA)
- Lane Change Warning (LCW)
- Rear Cross Traffic warning (RCT)
- Traffic Sign Recognition (TSR)

### TECHNOLOGY & AUDIO

- 10.25" TFT center display
- 12.3" TFT driver's instrument display
- Aston Martin audio system (220w, 9 speakers) †
- AM/FM/DAB radio
- SiriusXM radio (US/Canada only)
- 12v power sockets (x3)
- USB ports (x4)
- SD Card port
- Bluetooth mobile phone connectivity
- Bluetooth audio streaming
- Mobile phone operating system connectivity
- Voice control
- Satellite navigation system (HDD)
- Rotary infotainment system interface
- Battery conditioning connector

## LOAD SPACE & STORAGE

- Glovebox with electric locking
- Door storage – front & rear pockets
- Front storage – lower center console
- Front storage – covered center console
- Front seat storage – map pockets
- Cupholders – twin front & twin rear
- Load space hard cover – leather
- Load space – load tie-downs
- Load space – stainless steel sill protector

## INTERIOR TRIM & SEATS

- Strathmore leather interior trim (Obsidian Black)<sup>1</sup>
- Micromesh headlining & roof blind (Black only)<sup>2</sup>
- Full grain Caithness leather interior trim – choice of 5 colors (Obsidian Black, Sahara Tan, Lords Red, Aurora Blue, Black Damson)
- Alcantara® headlining & roof blind (Black, Cirrus Gray)<sup>10</sup>
- Front seats – 12-way electric adjustment
- Front seats, door mirrors and steering column – memory function
- Rear seats – 3-seat, 40:20:40 split folding
- Heated seats – front & rear
- Seat embossing – ‘Aston Martin’ wings<sup>3</sup>
- Carpet & carpet mats with nubuck binding
- Seatbelts – black
- Interior brightware – satin chrome
- Sports pedals – satin chrome
- Door sill plaques – anodized with ‘AM’ wings
- Piano Black wood veneer trim (center console)
- Steering wheel – sports design
- Electric steering column tilt & reach adjustment
- Front center armrests – twin adjustable

## INTERIOR FEATURES

- Keyless entry
- Keyless engine start/stop button
- Automatic climate control (3 zone)
- Auto-dimming interior rear-view mirror

- Double sun visors (windshield & side windows)
- Illuminated vanity mirrors
- Cabin courtesy lighting
- Ambient lighting (64 colors, dual zone)
- ‘Aston Martin’ keys (x2)

## OPTIONAL FEATURES

### EXTERIOR FEATURES

- Exterior paint colors – extended color palette
- Paint protection film – extended coverage
- Privacy glass<sup>5</sup>
- Privacy glass – double glazed, sound isolating
- Hood blades – Satin Chrome or Gloss Black

5. Standard in China, the Americas and select Asia Pacific & Middle East markets
6. Standard in UK, the Americas, China, Asia Pacific
7. Standard in China
8. Standard in China, Australia, New Zealand
9. Standard in UK, the Americas, China and select Asia Pacific markets
10. Standard in UK, the Americas, Asia Pacific and China
11. Standard in the Americas, Australia, New Zealand & Middle East
12. The mpg/fuel economy figures quoted are sourced from regulated test results obtained through laboratory testing. These figures are strictly indicative and preliminary and are for early comparability purposes only; they may not reflect your real driving experience, which may vary depending on factors including road conditions, weather, vehicle load and driving style. These early prototype figures are intended for indicative comparability purposes. This vehicle is not yet for sale, and this information is based on a prototype. The fuel consumption you may achieve under real life driving conditions and CO<sub>2</sub> produced will depend upon a number of factors, including the accessories fitted after registration, variations in driving styles, weather conditions and vehicle load. The official figures for this vehicle will be released prior to and accompanying this vehicle being made available for sale to the public. This information will be updated as testing continues.

## IMPORTANT NOTICES

### PICTURES AND WORD MARK

The cars illustrated in this brochure may include additional options not featured in this brochure or that are only available at extra cost. The Bluetooth word mark and logos are owned by Bluetooth SIG Inc and any use of such marks is under licence.

### UPDATES

Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current products, options, accessories or specifications, nor does it constitute any offer for sale of any particular car, product, option, accessories and/or services or combination of the same. This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time. The contents of this brochure represent Aston Martin Lagonda Limited's business as a whole. Text and photographs may relate to models, specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available.

### PERFORMANCE RESULTS

Certified figures on fuel consumption and CO<sub>2</sub> emissions will be determined promptly as part of the homologation and type-approval process and immediately be published on [www.astonmartin.com](http://www.astonmartin.com). Performance results quoted in this brochure are obtained under controlled test conditions (in accordance with applicable regulations) and may vary depending on the specification of the particular car, road and environmental conditions and driving style. Tyre choice may also impact on performance results ride comfort and handling. Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee

is given express or implied of performance results. Aston Martin Lagonda Limited strongly urges that all speed laws be obeyed and that safety belts be worn at all times. All petrol engines are fitted with a catalytic converter.

### COPYRIGHT AND OTHER INTELLECTUAL PROPERTY RIGHTS

This brochure and its contents are protected by various intellectual property rights, including without limitation, copyright, design rights and trademarks that are owned or licensed by Aston Martin. You may not copy or use this brochure or any of its contents for any commercial purpose without our prior written consent.

### DISTRIBUTORS AND DEALERS

Distributors and dealers are not agents of Aston Martin Lagonda Limited and have absolutely no authority to bind Aston Martin Lagonda Limited by any express or implied under taking or representation. Sales by dealers or agents are subject to their terms and conditions of sale.
